

IN MEMORIAM DOROTHY B. STRATTEN 1960-1980

ALAS, poor Galaxina. Her obituary should have read 1960-2160. But the day (Aug. 15) her film premiered in Kansas City, she was murdered in Hollywood. Killed by her estranged husband at 20. She was proud of her role in GALAXINA for the name appeared on her personalized license plate. A rising star has fallen; may she fare well among the starry realms of eternity.
